

News You Can Use ... For Prayer

October - November 2018

The most effective way of building a church is through personal evangelism. Hit the streets, share with people the Gospel of Grace, and the Lord will use you in building His Church. Have a goal by the end of this year to lead someone to Christ. They are counting on you to see heaven!

BRAZIL ≈ In this spirit **Joe & Michelle Campos** continue to minister at Vitória de Santo Antão, North Brazil. Pray for this group as they are growing in Grace, want to increase the number of monthly meetings and also do evangelism in the neighborhood. Pray for **Gomer & Nene Indino** working with Luis & Ester Brizzola to plant a new church in Praia de Leste, South Brazil. They have already purchased land and plan to start construction on a church building in November.

CAMBODIA ≈ **James Bermejo** reports: “Our *Evangelism 101* class is about to conclude. After role playing how to share the gospel with people from different backgrounds, this week’s task is to share a gospel tract and intentionally start a conversation with a friend. Pray with us as we share God’s love to other Khmers.” Rejoice with **Myra Omictin** for opportunities to provide counseling and member care seminars.
