

ETHIOPIA: Ben Anderson and Robby Heath visited contact, Fikire Bogale, in Addis Ababa, Ethiopia in January. This young man has a solid grasp of the Grace message and teaches 2 Bible classes per week among his friends. Ten attended the 2-day seminar Ben and Robby taught, and engaged in much discussion about the Bible, Christianity and dispensationalism. Ben challenged them to consider forming a Grace congregation as an essential to the Christian life in this dispensation.

Ethiopia is the second largest country of Africa with 112 million people. The Ethiopian Orthodox Church is the largest religious group with considerable influence. It relies heavily on rituals and traditions with little knowledge of the Bible. Pray for this group of Ethiopian Grace believers, and for TCM as we consider establishing a ministry there.

JULIA LILES, our TCM-Cambodia missionary, lost her beloved father on Feb. 2, after a lengthy hospitalization. Julia's parents were married 45 years and her dad had just turned 85. David Liles was faithful to the end, even leading the patient in the bed next to him to the Lord. We're thankful Julia could be there for her family these last 2 months. Pray comfort and wisdom for Julia and her family in their grief, adjustments and decisions.
