

KILGOS ≈ Praise that Pat & Michelle, David and Anna, were able to get a special 90-day permit to leave and re-enter SE Asia. While in the USA this summer, they are attending GCU graduation for Michelle (Master's) and son, Robert (Bachelor's), and Robert's wedding, as well as connecting with supporters. Pray for the Lord's intervention on their return as the government is currently requiring a costly 14-day quarantine in a designated hotel at their own expense, regardless of negative Covid tests or vaccinations. Pray for Kilgos' plan to create a video series of the *Highway of Life* dispensational overview lessons to use with the Chinese population.

KENYA ≈ *Berean Grace School of Ministry* in Mombasa, under **Pastor Peter Kagwi's** directorship, will start a program this month of sending their students for practical ministry in Grace churches throughout Kenya. This will benefit the churches as well as help in recruiting new students. Pray this ministry will bear fruit and the students will have effective opportunities to preach and teach the Word of God rightly divided.

Kenya Grace Bible Institute, under the directorship of **Pastor Titus Kivilu**, offered the first Module of the KGBI Bi-Vocational Training in May. During this 3-year program, students who have other jobs, will come 3 times a year for 2 weeks of intensive Bible and ministry training. The 7 students who attended are eager to learn and to be equipped for ministry. Pray for the 1st and 2nd year students attending the KGBI year-round residential school as they resume classes this month following a Covid shut-down. **Ben & Joyce Anderson** and **Robby Heath** are among the instructors.

NORTH BRAZIL ≈ Pray the Boa Viagem church will have the means to move to a larger and more visible location. Pray that pastors from all the Brazil Grace churches will participate in an online church-planting seminar as a step toward expanding the ministry nationwide. Pray safe travels and inspiring presentations for **Joe & Michelle Campos** on home assignment in USA for the summer. Pray for **Vicki LeFeber** undergoing cataract surgery in Brazil.

SOUTH AFRICA ≈ *Padayhags* are honored to work with the Board of Trustees of *Grace Outreach Ministries South Africa (GOMSA)*. Dean writes, "They used to be students at our Bible School, but now they are our fellow workers in various ministries, and partners in teaching and training more leaders for the work in South Africa. Please pray that their love for the Lord, knowledge of His Word and passion for His Work will continue to grow."

OPENING UP ≈ Praise the Lord, **Maraats** were able to resume in person meetings at Grace Church, Chiangmai. Pray the gospel message will break through the formidable barriers of Buddhism in Thailand. **Team Cambodia** rejoices in opportunities to meet with and disciple members one-on-one or in small groups while waiting for restrictions on larger meetings to be lifted. Pray for the on-going *Khmer Connect* video outreach and pastoral training program.

MYANMAR ≈ **Dan & Amy Banac** are thankful they can still meet in their home on Sundays with a small group of members, even though reopening the Bible school is still on hold. Praise the Lord they were able to collect their monthly financial support from TCM even though it took Dan 8 hours of standing in lines! Pray on-going protection and provision for Banacs and the believers there in the midst of the political crisis. Pray their children's online school can resume in June as planned.

TEAM TAIWAN ≈ Praise that **Vincent Quiñones'** theology degree was authorized by the Philippine government. This allows them to take the next step in applying for missionary visas to Taiwan. Ask the Lord to open the doors to Taiwan for our Team who have been waiting patiently for 3 years now.
